## Supermodel Nina Agdal on the Hotly Anticipated *Sports Illustrated* Swimsuit Issue: It's One of the 'Most Classic' in a Long Time

There's only a few weeks left before the 2016 *Sports Illustrated* Swimsuit Issue cover reveal. And since this [teaser](#) isn't enough to quell everyone's curiosity, we tapped *SI* supermodel and former cover girl Nina Agdal for details on the coveted issue during a recent interview.

“There’s so many things to be excited for,” Agdal told PeopleStyle at the Vimmia activewear event in N.Y.C. “I’m not allowed to say anything, but it’s definitely going to be one of the best and most classic issues you’ve seen in a long time.”

When asked to elaborate, Agdal, 23, said that even her placement in the glossy is a secret. “I can’t even tell you if I’m in it,” she shared.
